The course repeats many ideas that were covered in communication theory and system 2 course. The new ideas are good.
.
Another excellent course by Dr Hilal. Always a wonderful experience being a student in his class. I cannot thank him enough.
Good

courses with doctor hilal are always fun and informative
Course is not bad, should be considered a core course instead of a technical
.
.
The course was very informative
Nice course
.
Good course. It covered some of the deficiencies in Communication 2 course. It may need some extra solving sessions.

Amazing as a Ferrari
Good
A great instructor always prepared and has the answers to any question a student might ask.
I have taken all the course that doctor hilal is giving in the university, starting from electric circuits, simply what I can say is that he is the best doctor in the university. On the academic side he teaches more than the syllabus, adding important and practical material to every course. He is always prepared and ready for our questions regardless of how deep or hard it is. On the personal side, he was more like a big brother than a doctor, he is always ready for help and advice in any domain, although he has a very busy schedule he always find time for his students. The effort that he is making is really tremendous. I can confidently say that I am an ENGINEER because I am doctor hilal's student.
One of the best doctors.

Dr hilal is a good instructor
Always well prepared

I think this is the last course I'll be taking with you unfortunately. I enjoyed all of your courses. You're one of those professors where you know you'll understand the course beforehand. Please stay on the ground and don't become selfish.
